Re: Notice of Filing – Tucson Electric Power Company's 2014 Annual Net Metering Report  
Docket No. RE-00000A-07-0608, Decision No. 60567

Tucson Electric Power Company hereby submits its annual Net Metering Report in compliance with Decision No. 60567 (October 23, 2008) and Arizona Administrative Code R14-2-2308.A and B, which state that:

- A. Prior to May 1 of each year, each Electric Utility shall file a report listing all existing Net Metering Facilities and the inverter power rating or generator rating as of the end of the previous calendar year.
- B. Also included in this report shall be, for each existing Net Metering Facility, the monthly amount of energy delivered to and from the Electric Utility and, if available, the monthly peak demand delivered to and from the Electric Utility.

Because portions of this data are confidential and voluminous, the full and non-redacted report will be filed directly with Arizona Corporation Commission Staff in an electronic format.
